

WEST HANOVER MEN'S GROUP WOOD MINISTRY

During the winter months, many families heat with wood. And many of our neighbors are short of funds. With the help of community members, churches, Hanover Senior Connections and WHEAT (Western Hanover Emergency Assistance Team) to identify families in need, our group supplies wood for heating. We cut down trees or cut up trees that are already down. We deliver the wood to the homes and stack it where needed.

With the volume of wood being split, the group needs our own wood-splitter.

*If you would like to make a donation, please write a check payable to West Hanover Men's Group and send to Beaverdam United Methodist Church, P.O. Box 67,
Beaverdam, VA 23015.*

For more information about the donation or to volunteer to help in this ministry, call Fredy Calderon at 804-448-0275 evenings or weekends.

During the warmer months, the group builds or repairs porches or wheelchair ramps as needed for families in need. Should more money come in than is needed for the splitter, the excess money would remain in the treasury to help with building materials.

Thank you for your help.
